

“Katbot” Theme V5 Lyrics

by Funny Garbage

She was given an assignment so off she goes
To live with the LeBores in Ohio
Earth is great, it's such a blast
She's having so much fun the time goes fast

Katbot we're in love with you
It's just the way that you strut
It makes us feel like a mutt
Katbot no one else is you
Sometimes you can't hold back
You gotta act like a cat

Super Powers can change her clothes
They call her Katarina but no one knows
Report to Katatonia most every day
And Tell Professor Mew how our friends say

Katbot we're in love with you
It's just the way that you strut
It makes us feel like a mutt
Katbot no one has a clue
That you're a cat robot
And an earthling you are not

Katbot we're in love with you
It's just the way that you strut
It makes us feel like a mutt
Katbot no one else is you
She's part robot, Part cat too
Tell us which one have we got?
Katarina, Katbot!

Meow!
